"I gave up drinking coffee and tried hot water, but that did not taste good and I did not get well. Then I read some letters from people who had been helped by Postum Food Coffee and I determined to try it.

"I had to go 10 miles to get a package, but I went. I prepared it carefully according to directions and we have used it now in our family for nearly two years, drinking it twice a day. It agrees well with all of us. My heart and bowel troubles slowly but surely disappeared, it is seldom that I ever have a headache, my nerves are steady and strong again and I am otherwise strong and well. My husband has been lately cured of his sick headaches since we threw coffee out of our home and have used Postum. Name furnished by Postum Co., Battle Creek, Mich.
